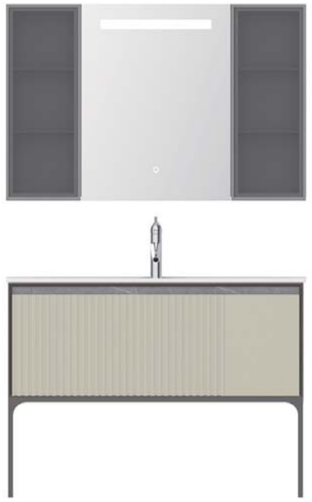
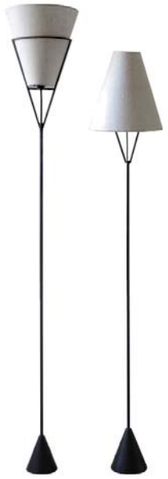
Artistic design & Functionality



The square design makes an ideal integration with the linear bathroom, wash basin, bathtub and even the toilet. Adding a whole new dimension to this popular design by introducing different sizes with widths of 600mm, 700mm, 800mm, 1000mm and 1200mm.



As natural and fresh log texture is added with modern and fashion elements the way nature is integrated into urban life, creating a warm and refined bathroom space for a new, natural wash experience.

Zarte 2

Baking paint door panel with vertical grains, smooth and fine. The well-designed dual drawers provide different spaces for storage. The hidden lights can be turned on once the drawer is pulled. With the partition at the side, another space is available for toileting, which is convenient to use.

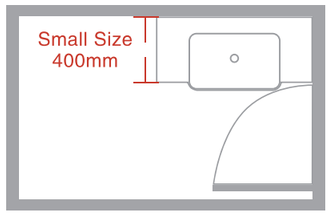
Grüne Vanity

Natural and environmentally friendly, as if bathing in the forest

The "Grüne" series, with smooth streamlined line design, classic practical size planning and a design philosophy focusing on natural wood grains, blend nature into bathroom furniture, allowing space and nature to complement each other.

Integrated embedded table basin to tackle the issue of small bathroom insufficient space



Small bathroom space solutions

Simple Japanese style, self–colored to match various bathrooms. Dry and wet separation, ease of handling, large water capacity and a beautiful but practical appearance. it’s the best alternative to a marble or artificial stone countertop.

Bathroom storage plan

Two–door cabinet allowing options of touching down and wall hanging to meet the needs of different groups of people. Moisture–proof, environmentally friendly plates are safe and reliable, and the concealed double handles make opening and closing more convenient. The stainless–steel cabinet legs are durable. The addition of a mirrored cabinet allows orderly, partitioned storage.

Comes in many sizes, supporting variable combinations and collocations

The small storage trays can accommodate items of different dimensions. The integrated sintered washbasin is easy to be kept clean and shiny. Different bathroom cabinet sizes and functions are available to match various house types and needs. The multi-layered storage functions simplify the process of storage.

Large water capacity, function of overflow prevention on all sides

Integrated design of the undercounter basin with greater width and depth look especially majestic, breathing into the minimalist design a breath of pragmatism. According to the bathroom size, more than 600/700/800mm sizes are available for users to choose from.

Enhance the beauty of home with design

Durable and resistant to deformation. Considerate two-door inside drawer design for effective use of space; personalized combination cabinet to fit different using habits; reasonable classification and storage to make washing easy and comfortable.

Designed with simple style, it is divided by golden ratio.The storage box is optional and customizable.Using seamless splicing technology, the product has no place for dirt.

Multilayer solid wood panel

The plywood panels are made of 1-3MM thick cross-cross solid wood, which is not easy to deform, compact in structure and waterproof;

Good waterproofness

Thanks to the high panel density and excellent waterproof engineering, it has a low water absorption rate. Even when the water drops to the surface, it will slide down instead of seeping into the panel;

Eco-friendly raw materials

Nine layers of solid core board which complies with the E1 standard plus two layers of triamine veneer, with a thickness of 16mm and wood density. High strength, uneasy to crack, paint-free, and formaldehyde emission in compliance with the E1 standard.

Circle

Classic drums, stylish and elegant

Bathrooms reflect a family's quality of life. Customized design and comfortable experience adds a ton to that quality of life.

Metal

This metal cabinet in a leisurely style matches
the mood of a lazy afternoon.

With a unique slender waist as a design highlight, the toughness of metal is softened with a tender expression for the creation of a space that's warm and stylish.

Hollow-core design for a balance of beauty and form

Hollowed-out metal imparts a friendly but industrial feeling. The collision of aesthetics and form balances the abrupt forms and beauty of the space, interpreting a distinctive design language.

Unfold line aesthetics

Slender lines and a square cabinet shape, coupled with the semicircular countertop basin, represent the best of today's fashionable bathroom space.

Black
K

Gray
A

Solid wood structure
It features superior, even texture and elegant veins, high hardness, and naturally high resistance to wear.

Water-proof treatment
Three-step waterproof treatment includes thirteen painting procedures, seven times of grinding, four courses of primer and two courses of top coat. Compared with the traditional painting process used for the furniture industry, the completely water-resistant surface is more suitable for damp bathroom environment.

Piano baked enamel surface
PU piano baked enamel technology allows furniture surface to maintain glossy and smooth, with luminance 2.8 times higher than ordinary baked surface. It is high-density, highly waterproof, artistic and easy to clean.

Upgrade the internal drawer
Upgrade furnished with small units, equipped with pure wood separated parts, according to the objects in "one word", "cross" drag, meet all kinds of small items neat storage, say goodbye to the filthy.

Storage compartment at the side
The toilet cabinet at the side is at your fingertips, even for children.

High-quality wood
With optimal water content ratio, the natural solid wood ensures thickness swelling rate of water absorption lower than 8%, and permanent and durable modeling of the bathroom cabinet.

Aluminum alloy
Aluminum-honeycomb composite panels used in aerospace industry, undergoing special surface oxidation and laminating treatment, are free of discoloration and secondary oxidation. They're also 100% waterproof with easy-to-clean, multicolor surfaces that are waterproof and corrosion-resistant. They're strong but offer a fine feeling in the hand. They're recyclable too, thanks to the environmentally friendly "green" material.

Mirror cabinet

Huge storage space is designed into multi-layer compartments; inside and outside drawers are designed to hold miscellaneous articles; facing door plank of different styles can fit bathrooms of different decoration styles.

Remote control of intelligent technology

Flushing solution for power failuer

ENC2165W-3
698x428x530mm

Self–cleaning, antibacterial glaze

Instantaneous heating of water

Warm Air : The warm air drying，make the warm air

Child Mode: Care for delicate skin

Bidet: Separate nozzle, clean and hygienic

Mixed air : Soften water flow with clean flush

Period Care: The warmest care for women

General: Personal cleanliness

Night– light: More convenience at night

SPA: To prevent and treat diseases with hot & cold washing

Reciprocating: Different position can be cleaned.

Heating seat

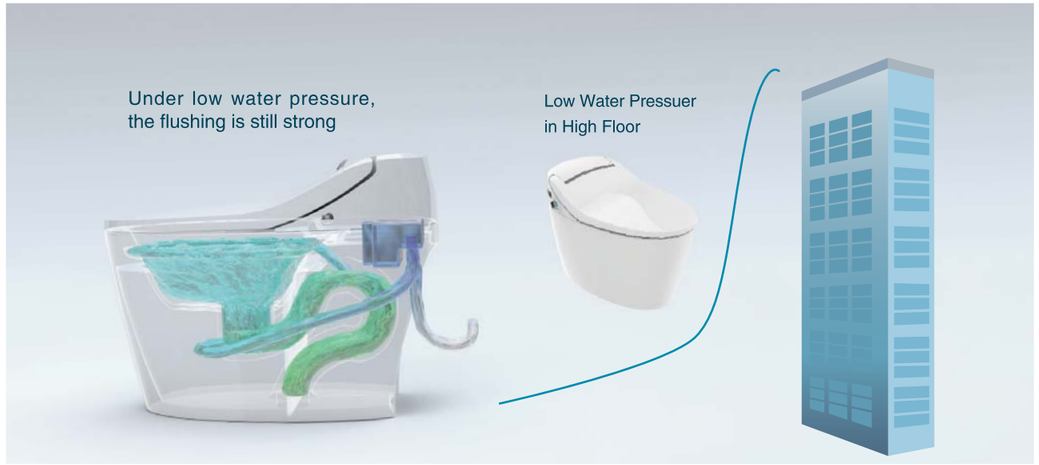
Intelligent all-in-one machine without water tank

The ultimate integration of technology and energy-saving environmental protection concepts, coupled with tank free design, with rotary button for flushing, remote control for single- and double-stage water-exit, remote control intelligent flip cover and other different functional models to meet users' needs.

ENC2165GW-3
698x428x530mm

AUTO Auto & remote control seat cover

Nano easy–cleaning glaze free of any residual bacteria, making sewage more smoothly.Vortex siphon flushing, making cleaning and care more convenient.



Solutions for regions with a low water pressure

There is a power pump in the low water tank with foam disinfection function, which can meet the extremely low water pressure conditions (≥0.07Mpa).

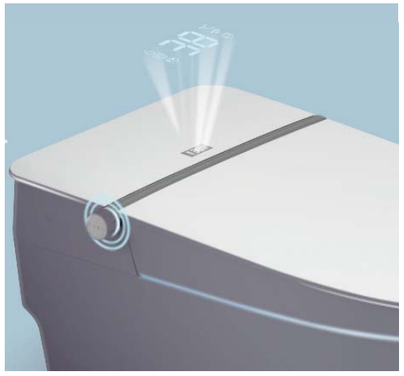
Natural and environmentally friendly, as if bathing in the forest

Rotate 360°to spray to create a layer of foams on the water seal of the toilet, which can effectively prevent water splashing, sticking, bacteria and odor. The foams can be kept for up to 6 hours, making the bathroom clean and healthy.

Splashproof
Antibacterial
Odor–resistant
Anti–sticking

Wireless remote control upgraded version, more sensitive

2.4G wireless remote control, easy to operate
Independently remote pairing to prevent false triggering



Digital display, man-machine interaction

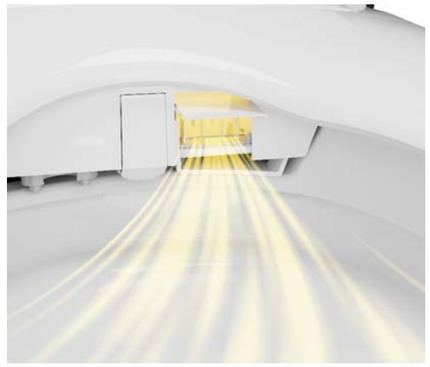
Monitor room temperature, water temperature, seat temperature and content of foam... in real time. The performance and conditions of the machine are clear at a glance.

Automatic flipping for convenient use and sanitation maintenance.

With built-in intelligent sensing device, the seat cover will automatically open when you are near.The lid will automatically close for flushing 15 seconds after you leave the toilet to avoid bacteria splashing and keep the toilet clean.

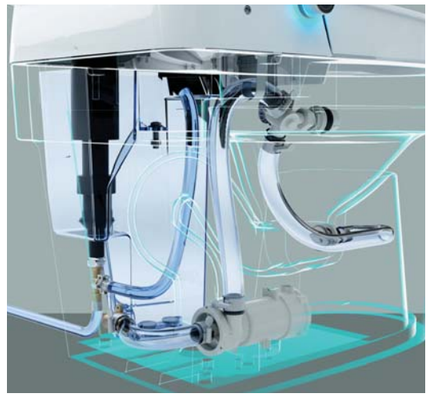
Seat cushion with intelligent temperature control to prevent low-temperature burning

A built-in temperature sensor is provided with 4 levels of temperature (0, 34, 36, 38, 40). VF temperature control, intelligent energy conservation.



Soft and warm-air drying system

Dry with warm air at a constant temperature after cleaning.
Dual activated carbon deodorization fan to prevent the odor from spreading to the bathroom



A new generation of power pump

Large pump power and ultrastrong flush away 20 simulated stools at a time.

Antibacterial seat

The antibacterial materials used can kill more than 99% of bacteria, which will effectively prevent the growth of bacteria. In addition to being strong and durable, it can also resist detergents. Silver ion antibacterial constituents are provided both below and above the seat ring.

Nano easy-cleaning glaze

Sintered at 1250°C, the nano glaze is gapless, flat and smooth, making it uneasy to absorb dirt.

The split-type shower cet

Flat conceptual design, contemporary design concept, adopts sharp line to accentuate abstraction, minimalism, and symbolism.

Chrome C

Black K

Tybalt

The pure design, while offering a classic interpretation of circle, makes life simple and clean.

NF11701C

NF10101CB

NF61601C-01

Line

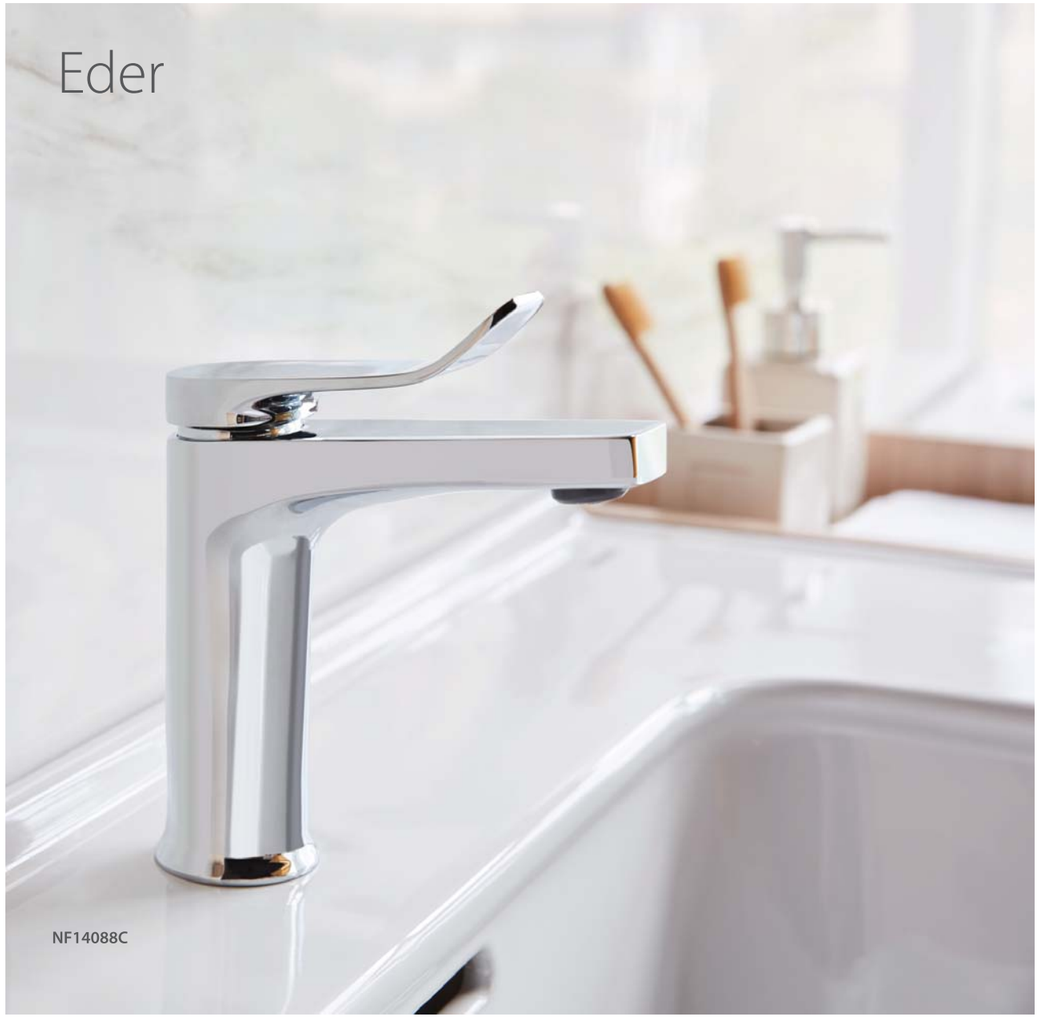
Minimalist concept of independent landing faucet, and the artistic design of the combination of square and circle; soft water flow freely comes down for a comfortable shower experience.

NF10202C

NF60102C-3

NF60202C-01

NF90202C-01



Rising spirit

The standard faucet body and the slightly upturned handle suggest a clever and nifty taste, and enhance the bathroom's unique personality in sight and touch.

Interior design is something to be savored and enjoyed. Our innovative product combinations help you fulfill all the design dreams for your home.

Electric control

Press to choose the water exit mode

The perfect parabola depicts a unique line design language. The elegant radian and water-exit height match perfectly basins of various sizes; soft, silky water exit deliver an improved experience of washing. Also, there are visual recognition operation of electronic control function, press-control outlet switch and rotary handle to control temperature. With an LED to show the temperature in color from light blue to red, it's easier to identify the water temperature.

Cooling counterclockwise, heating clockwise

Chrome C | Titanium Grey Q | Matte Black K | Gold sand BG | Rose Gold RG

has functions of spray and rinse, allowing flexible use in every inch of kitchen space in need of washing.

Giving water in spray (sprinkler water) – massive and quick washing oil stains off dishes
Concentrated water-giving (bubble water) - delicate bubbles that are gentle and free of splashing

NF70102KB-B | NF70102CA-B | NF70102QB-B

Multi-color surface

At Innoci, besides surface treatment with chrome color, there are also other options such as matte black, titanium grey, gold sand and rose gold., etc.

Chrome C | Titanium Grey Q | Gold sand BG | Matte Black K | Rose Gold RG

Innoci' s plated layers | Other brands' plated layers

Mirror-sided Plating Technology

Nickel-chromium surface plating technology (Ni ≥ 8um, Cr ≥ 0.25um) enables coated metal piece to effortlessly pass the 48 hour salt spray test and maintain its sheen even in humid bathrooms.

Neoperl aerator Oxygen-rich water-giving technology

Rich-oxygen bubble, soft water giving

Innoci uses Swiss Neoperl bubbler, Quality honeycomb nozzle filtering impurity layer by layer; water giving with water and oxygen mixed, giving comfortable touch, while the gentle spray does not splash.

Lead-free Brass

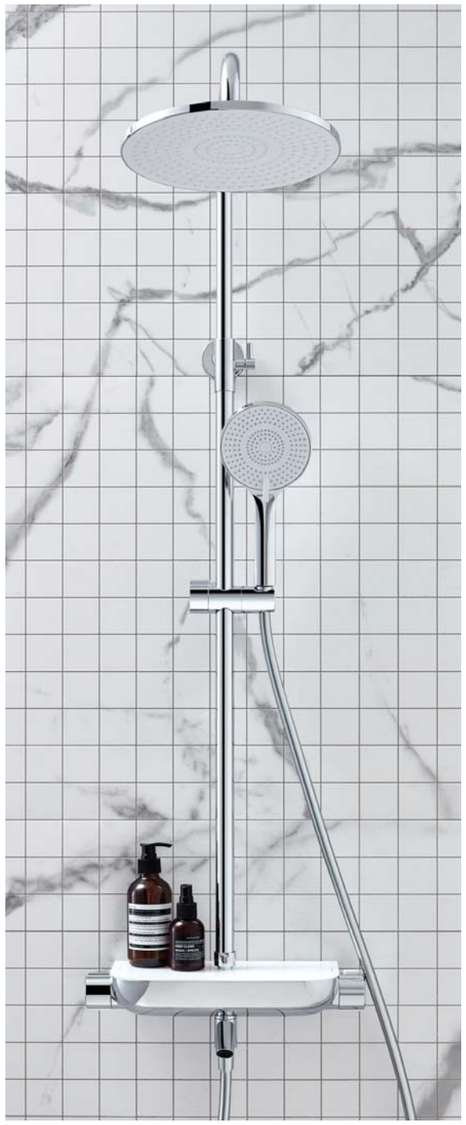
Faucet for the system is made of lead-free copper of German standards. With content of precipitated lead lower than 5 μg/L and no lead detected in water, it complies with the strictest European and American standards and keeps water supply healthy.

Precision ceramic valve element;(Germany) precision copper valve element ; It has a service life of more than 500,000 times. Over 20 years for a normal household (50 times per day).

Water Saving Technology

Neoperl (Swiss) concealed bubbler, equipped with 6 layers of special honeycomb strains to filter dirt from water, ensures fine and smooth water supply and reduced splashing, capable of supplying water at a rate of 4-5 L/min. It is water conserving, environmentally friendly and easy to clean and maintain.

Thermostatic Control Showering



Thermostatic valve element for steady water flow

The constant water temperature and supply volume ensure that hot water doesn't suddenly pressurize and cause burns.

Thermostatic Control Showering

The user-friendly constant-temperature design results in adjustment of water modes on the right side and temperature control on the left side. If water pressure or temperature in the pipeline changes, the thermostatic faucet will automatically adjust the mixture of hot and cold water so as to ensure user comfort.

ND2242C

ND2253C

Intergrated shower set

Ultra thin, tempered glass panel, double handles in front, 135° wide-angle temperature control, switch and toggle combined, Independent switch for water to come out from the lower outlet, making water use simple and easy.
Coupled with multi-functional handheld sprinkler, Large area of water fully massages your skin to bring you a great shower experience. 0.4mm memory silicon pore size for fine water spray to prevent clogging and pressure boost and make you enjoy pulsating massage.

Integrated shower
Platform faucet

ABS Shower Bracket

SPA new experience awakens the vitality of your skin

The body of the faucet is integrated with large storage plate, you can safely touch the top cover that is isolated from hot water passage, and marvel at the safe and convenient operation, and how the various water functions awaken the vitality of your skin.

High strength explosion-proof glass, scratch-resistant and easy to clean, is convenient for placing toiletries.

Single-axis, dual-track rotary switch

Rotating the external rotary knob, you can switch between the three water modes. The external rotary knob controls the water temperature, making it more concise and convenient to use.

Red and blue logo, left and right rotation for temperature control

Electrodeless controller
Three kinds of water supply, 360°-rotation cycle, convenient and simple

Concealed bottom water supply
Intact overall good look, smooth water supply

In-wall control

Effective protection: A pre-embedded box to prevent scratches or loss of related parts in the decorati on process, the faucet is found to be as new as before when officially used.

Convenient adjustment: The square box and built-in-level instrument provides convenient horizontal and vertical adjustment during installation while also saving on the time and cost of labor.

Easy maintenance: There's no need to tear down the wall when repairing the valve element in the future, so it's quick and convenient.

Clear identification: Clear identification of water inlet and outlet, together with adjustable installation depth, prevents installation errors and the need for repeated work.
